DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3 and 5 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art does not disclose or suggest the claimed "data conversion unit, which calculates a state transition block based on the stored first and second data blocks...outputting the state transition block as a first value when the first data block is the same as the second data block and as a second value when the first data block is different from the second data block and...a data conversion unit, which converts the received state transition data block into the second data block by determining that the second data block is the same as the first data block when the state transition data block has the first value and that the second data block is different from the first data block when the state transition block has the second value" in combination with the remaining claim elements set forth in claims 1 and 5 as well as claims 2 and 3, which depend from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
